**Віктор Петрушенко, Оксана Петрушенко. Філософія. Лекції.
Навчальний посібник англійською мовою. – Львів: ПП «Магнолія 2006» - 284 с.**

Навчальний посібник адресований англomовним студентам Вищих навчальних закладів України. Структура посібника відповідає практиці викладання філософії у ВНЗ та історичним напрацюванням у даній дисципліні. Посібник характеризується стислим, але логічно зв'язаним викладом матеріалу, що розгортається за принципом «від простого до складного». В основі такої логіки лежить завдання прослідкувати за історичним розвитком людського мислення і пізнання. Водночас теоретичний виклад супроводжується посиланнями на практику життя.

**Viktor Petrusenko, Oksana Petrusenko. Lectures in Philosophy. Tutorial Book in English.
– Lviv: «Magnolia 2006» - 286 p.**

The tutorial book is addressed to English-speaking students of higher educational institutions of Ukraine. Its structure corresponds to the practice of teaching philosophy at universities and to the historical development of this discipline. The tutorial book is characterized by a concise, but the logically connected recount of the material, which expands according to the principle «from simple to complex». At the basis of this logic is the task to trace the historical development of human thinking and cognition. At the same time, the theoretical statements are accompanied by references to the practice.
